

A New Way to Manage your world. Passport®!

Why Passport?

When upgrading to Passport, you are upgrading to a new technology platform that gives you the power to manage and grow your business in ways you never thought possible. It is a new way to manage your world and a better way to connect. Now and in the future.

Discover the power of Passport!

✓ **Excentus Loyalty Interface**

✓ **Wayne® Dispensers Control**

✓ **PCI Compliance ...**

- > **Superior usability** with an intuitive, intelligent touch-screen interface that dramatically reduces training time, errors and shrinkage. 15 minutes. That's all it takes to get a cashier up and running!
- > **Sophisticated business growth tools**, including unparalleled fuel discounting, loyalty programs, merchandise options and additional profit center management.
- > **Seamless connectivity and standardization** with more dispensers, devices and locations.
- > **Powerful business information and security features** through dynamic reporting and tracking mechanism.
- > **Easy expandability and maintenance** – Passport's modular structure and optional software maintenance agreements mean you can buy only what you need today and expand as your business grows.

The easiest installation available!

When you are upgrading from your existing POS system, Passport's simple installation requirements can save you thousands of dollars over other POS systems and minimize disruption to your business.

- > **No new wiring required** -- Passport uses only 1 two-wire link between CRIND® and pump control.
- > **No new distribution box** required to upgrade from G-SITE® or other POS systems.
- > **No new pump control box** required, even when replacing another POS system.

Fuel Dispensing • Site Control • Point of Sale • Fuel Management Services
